

WHAT IS THE OAKLAND GENERAL PLAN?

Do you want to shape:

- Where housing in Oakland will be built and their level of affordability?
- Where new parks in Oakland will go?
- How to protect Oakland residents from industrial pollution, car collisions, increased flooding, and sea level rise?

Join us and help update the Oakland General Plan, a vision and set of policies that guide what housing, environmental justice, transportation, parks, and economic development will be in the City for the next 20-30 years.

Right now, Oakland is working with a 1990s General Plan that does not acknowledge or address structural racism and the inequities we see in the City today. This General Plan is an opportunity to undo past harms and address inequities through policy.
